HIGH PRIORITY UNFUNDED NEEDS LIST (HPUN)

Airports and consultants have received an email from MoDOT regarding what was sent last year for the official High Priority Unfunded Needs (HPUN) list consideration. You have been asked to update this list and reply to MoDOT on or before Feb. 14. If this has not been accomplished, please submit as soon as possible. The Aviation [2024 HPUN Request list](#) indicates in the final column whether the project made the official HPUN list. Please also note: There are additional projects that were added to the list at the annual project prioritization meeting between the MoDOT District and the Regional Planning Commissions (RPCs). Each RPC region now has an established Multimodal Transportation Advisory Committee (Multimodal TAC). It's important for our modal partners to be active in the Multimodal TACs around the state to ensure that your projects make or stay on the official HPUN list.

Linked [here](#) is the official 2024 High Priority Unfunded Needs list. Also, linked [here](#) is the MoDOT Planning Partner map showing the contacts at your local RPCs. Please work with your local RPC to get the information about the Multimodal TAC in your area and become an active member. This will ensure multimodal projects in your area make the HPUN list and ultimately become a funded project.
